AB MECHANICAL LTD.

# Preventative Maintenance Program

## “Out of Sight, Out of Mind”

No better words have been spoken to describe your HVAC equipment. Most business and building owners are not aware of the expensive equipment that provides them with year-round comfort until it breaks down. We are here to help you keep that feeling of comfort knowing your HVAC equipment is being taken care of.

## Proudly Canadian for over 35 years

A&B Mechanical started in 1989 as a mechanical service company and has grown over its 35 plus years in business to an industry leader of all plumbing, heating and refrigeration services across Manitoba. We are COR Certified, licensed and bonded.

As part of our continued focus on customer satisfaction we are now offering 3 levels of service for our customers that would provide the best services for your business and property.
